Beyond Writing Assignments: Cultivating Skill, Voice, and the Love for Writing

Join us for the 2018 Inland Area Writing Project Conference. Participate in interactive, standards and research-based workshops developed by educators and focused on effective writing instruction for all learners.

Learn strategies for promoting literacy through meaningful writing instruction, creating connections between reading and writing, providing constructive feedback, advancing critical thinking and writing skills in order to help students of all abilities discover their voice and develop a love for writing and literacy.

The Inland Area Writing Project is a university-based, teacher-centered, professional-development organization dedicated to helping educators K-University to become better writers and teachers of writing across the disciplines. An affiliate of both National and California Writing Projects, IAWP has been supporting educators since 1976.
